

1. **Policy Statement**

İstor Kuyumculuk is dedicated to carrying out its business activities with a commitment to environmental stewardship. We acknowledge the critical importance of preserving the environment and aim to minimize our ecological impact. This Environmental Policy reflects our dedication to environmental conservation and outlines our goals and guiding principles to manage our environmental footprint effectively.

2. **Legal Compliance**

İstor Kuyumculuk pledges to adhere to all relevant environmental legislation, regulations, and standards within the regions of our operations. Our commitment includes a continuous evaluation of our business practices to ensure legal compliance and, where feasible, to surpass statutory environmental protections.

3. **Environmental Management System**

İstor Kuyumculuk commits to developing and maintaining an Environmental Management System (EMS) designed to address our environmental impact thoughtfully. Our EMS will incorporate several critical components:

- a. **Environmental Goals and Benchmarks:** Setting quantifiable goals and benchmarks to enhance our environmental efficiency and reduce our impact.
- b. **Risk Evaluation and Mitigation:** Identifying environmental risks linked to our operations and deploying suitable measures to lessen and manage these risks.
- c. **Employee Training and Consciousness:** Providing education and awareness initiatives for our staff to reinforce their understanding of environmental duties and promote involvement in achieving our environmental goals.
- d. **Resource Utilization Efficiency:** Pursuing the efficient use of resources such as energy, water, and materials through the implementation of effective processes and technologies.
- e. **Waste Management Strategies:** Adopting practices in waste reduction, recycling, and disposal that aim to decrease the environmental effects of our waste output.
- f. **Pollution Prevention Measures:** Implementing proactive strategies to avert pollution, including proper management of hazardous substances and measures to reduce air and water pollution.
- g. **Ongoing Enhancement:** Regularly evaluating our environmental performance to identify continuous improvement opportunities in our environmental management approaches.

4. **Sustainable Supply Chain Engagement**

İstor Kuyumculuk will collaborate with our suppliers to foster sustainable practices across our supply chain. We will motivate our suppliers to embrace eco-friendly methods and adhere to applicable environmental laws and regulations.

5. **Stakeholder Interaction and Transparency**

İstor Kuyumculuk is committed to transparent engagement with our stakeholders concerning our environmental efforts. Our approach includes:

- a. Soliciting and considering stakeholder feedback on environmental issues, addressing their concerns and expectations.
- b. Sharing information about our environmental policies, goals, and achievements with employees, customers, suppliers, and the public.
- c. Addressing environmental practice inquiries and concerns promptly and openly.

6. **Performance Monitoring and Reporting**

İstor Kuyumculuk will implement mechanisms to monitor and report on our environmental performance, including:

- a. Continually assessing key environmental indicators to gauge progress toward our established objectives.
- b. Communicating our environmental results to stakeholders, including through annual sustainability reporting.
- c. Performing regular internal audits to review policy compliance and pinpoint improvement areas.

7. **Policy Revision**

This policy will undergo periodic reviews to confirm its continued relevance and effectiveness, ensuring it aligns with current best practices, technological advances, and evolving regulatory standards.
